## GREAT POWERS TAKING ACTION

Turkey and Greece Will Be  
Prevented From Coming to  
Blows Over Crete.

## ACUTE STAGE IS REACHED

AGITATION AGAINST GREECE IS  
GROWING IN TURKEY.

London, Aug. 8.—The acute stage reached in the dispute between Turkey and Greece over Crete is causing anxiety in the European capitals such as always accompanies diplomatic difficulty in that quarter. However, as M. Isvolsky, the Russian foreign minister, said at Cannes last Tuesday, if there is any awkward development in the situation, Europe will see that no mischievous results are reached. On the other hand there is every belief that a settlement will be arrived at.

From the latest reports it appears that Turkey has not presented anything in the form of an ultimatum to Greece, but has confined herself to verbal protests, while the four protecting powers are making energetic representations both to Constantinople and to Athens to secure an amicable arrangement of the dispute. The four powers insist that under no circumstances shall the Greek flag be hoisted over any public building in Crete and the foreign consuls at Cana have been instructed to impress this on the Cretan authorities.

### No Ultimatum.

Constantinople, Aug. 8.—The steps the powers have taken at Athens concerning Crete have been confined exclusively to verbal representations. No written note has been presented and the representations have been couched in the friendly language consistent with firmness. Greece has already informed the powers that the Greek officers in Crete had been struck off the Greek army list since 1906 and that the whole question was in the hands of the four protecting powers. She said that she expected tomorrow to make a formal reply in this sense and reiterating assurances of Greek neutrality.

From the Turkish standpoint such a reply will be unsatisfactory, but much is hoped for from the energy the protecting powers are displaying to prevent the crisis becoming dangerous.

The ambassadors of the four powers—Great Britain, Russia, France and Italy—conferred today and will meet again tomorrow to agree upon a common action which will be taken without delay.

The agitation against Greece is growing in the Turkish provinces. In some towns it has taken the form of a boycott of Greek goods. A volunteer force of 5000 men has been formed at Monastir ready to march against Greece.

### Reply Due Tuesday.

Athens, Greece, Aug. 8.—It is stated that the Greek reply to the ultimatum will be delivered Tuesday. The representatives of the powers are holding frequent conferences with the premier and foreign minister.

An Austrian squadron and an Italian warship have arrived at Volos. It is supposed they are on the way to Salonika.

### SUCCESSFUL FLIGHTS.

New York, Aug. 8.—Charles Foster Wilbur, a young New Yorker, made five successful flights in the aeroplane Golden Flyer of the New York Aeronautilus society, near Mineola, L. I., today. The heights of the flights varied from seven to ten miles. He flew over the city at a height of two miles. In the fourth flight, Wilbur successfully accomplished his first turn, sweeping over the field at a forty-mile clip at a height of thirty feet. He made three complete turns in all, covering two-thirds of a circle.

### NO HOPE FOR RECOVERY.

Tacoma, Aug. 8.—E. A. Raymond, 73 years of age, a retired grocer and pioneer of Waterloo, Ia., visiting a sister here, was seized with apoplexy, while on a street car last night. He fell from the moving car to the pavement and sustained concussion of the brain. He is still unconscious and little hope is entertained for his recovery.

## ARTHUR E. WELBY IS DEAD

ARTHUR E. WELBY.

(Special to The Herald.)  
Denver, Aug. 8.—Arthur E. Welby, formerly general superintendent of the Rio Grande Western at Salt Lake, died today. At his bedside were his wife and children, while his associates of the Denver, Laraine & Northwestern road and his old companions on the D. & R. G. made a sorrowing company in the corridor of St. Joseph's hospital.

The funeral will be held Tuesday afternoon and the interment will be at Fairmount cemetery here. Welby was stricken three weeks ago with a carbuncle, and his strength to combat the serious affliction was sapped by an attack of dis-

## BUSINESS TIED UP BY STRIKERS

Situation in Sweden Serious  
Enough to Call for King's  
Interference.

## NO CONFERENCE EFFECTED

PRINTERS THE LATEST UNION-  
ISTS TO BE CALLED OUT.

Stockholm, Aug. 8.—The tie-up of the business of the country as a result of the strike is so serious that King Gustav intervened in an endeavor to secure a compromise. The king today sent a message to the parties at conflict exhorting them to agree at the earliest moment possible and advising arbitration.

It was after King Gustav's message had been read and approved at a cabinet meeting Saturday that he summoned to the palace the two leaders of the warring factions, Director Von Sydow of the employers, and Senator Lindquist, president of the Federation of Trades' union, for a conference. The result of this conference has not yet transpired, but apparently the king's efforts for a peaceful solution of the trouble was without result for tonight it was announced that the printers would strike tomorrow, and the National Labor union has issued a proclamation that beginning tomorrow morning every dray wagon whose drivers are not wearing a union badge will be stopped by strikers.

### No Exception Made.

No exception, it was stated, will be made for owners' driving their own wagons.

The union further threatens to frustrate the attempt of the Stockholm Street Car company to start its cars on the important lines. More than 1,000 telephone and telegraph employees will strike Wednesday.

The employers' association is paying out \$40,000 daily to support its weaker members.

The cash in the association's treasury is sufficient to keep up this support for three weeks, and when the funds in the treasury are exhausted, the association has a reserve fund of \$4,500,000 which may be used. The strikers daily are receiving large contributions from Denmark, Norway, Finland, Roumania and Bulgaria.

A prominent journalist, Gustafson, has been summoned to court by the public prosecutor, charged with a crime against the penal code, that of exhorting the employees of the state railway to strike.

## BISHOP DREW AN AUDIENCE

Catholic Prelate Urged People of  
Pittsburg to Suppress White  
Slave Traffic.

Pittsburg, Pa., Aug. 8.—Deprecating the white slave traffic and urging the people to unite in an effort to suppress it, Bishop J. F. Regis Canavin of the Pittsburg diocese, attracted a large audience to enthusiasm tonight at a mass meeting of the delegates to the convention of the American Federation of Catholic societies. The delegates and visitors are manifesting great interest in Chief Red Willow and Chief White Horse, two full-blooded Sioux Indians from Dakota, delegates from the Pine Ridge mission of Jesuit missionaries, especially draws attention. He is the Indian whose picture is engraved on the five-dollar certificate now in circulation. He also has quite a record as a warrior, having taken part in the Custer massacre and many previous fights.

## WILLIE VISITS HIS COUNTRY COUSIN, NO. 5.

They told him the way to catch a bird was to put salt on his tail.

## POLES CAUSE DISTURBANCE

Riot Narrowly Prevented in Chicago  
Catholic Church by Squad  
of Police.

Chicago, Aug. 8.—A serious riot was prevented at the morning services of St. Joseph's Catholic church today by a squad of police present in anticipation of trouble. As soon as Father Pyplatz began his sermon a portion of the congregation started to sing the Polish national anthem, completely drowning the words of the priest. A demonstration by the police caused the song to stop, but the service was ended to prevent further trouble.

When Father Pyplatz returned from a year's leave of absence he found a strong sentiment against him in his congregation. This opposition factored in that he had collected \$2,000 for repairs for the church and kept the money. Father Pyplatz says he can produce receipts for that amount spent for repairs.

When he attempted to preach on July 18 he was hooted down and the congregation was dismissed to avoid a riot.

## MISSOURI PACIFIC WRECK

Chair Car and Smoker Ditched West  
of Pueblo—Five of the Pas-  
sengers Injured.

Pueblo, Colo., Aug. 8.—The chair car and smoker of Missouri Pacific passenger train No. 2, which leaves at 2:10 p. m. for St. Louis, went into the ditch at 12:30 today. Five people were injured. All will recover. The injured: Ollie O. Moore, Pueblo; Lloyd Brown, Ordway, Colo.; F. E. Rathun, Piedmont, W. Va.; Mrs. Vergie Martin, Los Angeles, Cal.; Mrs. L. F. Caperton, St. Louis, Mo. The cause of the wreck was spreading rails. While the Pullmans left the track, they did not overturn.

## PLAGUE-INFECTED RATS.

One Rodent From the Orient May  
Cause Epidemic.

Washington, Aug. 8.—A plague-infected rat of the kind that infest the wharves of Chinese ports, may make his nest in cargoes consigned to the United States, and, if he escapes detection, may cause an outbreak of the plague or some other disease in an American port. To guard against such contingencies, the United States public health and marine hospital service has placed its surgeons at all leading shipping points throughout the world to enforce rules which will safeguard against infected vessels bound for American ports.

### LAUNCH CAPSIZED.

Toledo, O., Aug. 8.—Harry Dill, Frank Lehaney and Mrs. Mabel Hudson were drowned and seven men rescued under difficulty when a launch capsized in Maumee bay, 500 feet off the Casino, a summer theatre, today.

When over the deep channel of the bay the launch turned over from the weight of the party, which had collected on one side. The woman was thrown into the water and was unable to get out.

### TWO KILLED BY AUTO.

Turner's Falls, Mass., Aug. 8.—George Van Dyke of Lancaster, N. H., one of the best known lumbermen in New England, and his chauffeur were fatally injured when their automobile plunged over a cliff into the Connecticut river at River-side today. Both died of their injuries. Mr. Van Dyke was known as the lumber king of New England.

### OPPRESSIVE HEAT.

Philadelphia, Pa., Aug. 8.—Pennsylvania is again sweltering under a record-breaking hot wave. Reports from cities both east and west of the Alleghenies tell of the suddenly oppressive heat. The temperature at Altoona and Johnstown reached 94, the high record of the year.

## NATIONAL IRRIGATION CONGRESS OPENS IN SPOKANE THIS MORNING

Gov. John F. Shafroth of Colorado the Most Likely Candidate  
for the Office of President.

Spokane, Aug. 8.—A new constitution in prospect, a warm fight over the selection of the next meeting place, and the possibility that Governor John F. Shafroth of Colorado will be a factor in the campaign for the presidency today occupied the pre-convention thoughts of the delegates to the National Irrigation congress, which will convene at 10 o'clock tomorrow morning.

The new constitution for the congress is the result of a friendly warfare between the executive heads and the board of control for active management. At this time businesslike management is impossible, according to several officers, because there is nothing in the present constitution empowering them to act with the desired latitude between sessions. Thus it becomes necessary for the board of control to take such steps as are necessary to follow out the measures adopted by each congress. The new constitution will enable the executive heads to work throughout the year without hindrance caused by insufficient legal powers.

San Francisco, El Paso, Chicago, St. Louis, Pueblo and Rochester are the more active cities in the race for the next convention. It is said that Denver will lend its aid to Pueblo. San Francisco has perhaps the strongest delegation in the field and is advertising heavily.

While politics are in the congress at this time an important factor, the name of Governor Shafroth of Colorado is being put forward persistently in connection with the campaign for the presidency. It is not known whether President Barstow of Texas will be a candidate again. He has held office one term.

L. Baeta 'Neves, chief engineer of the department of public works, state of Minas, Brazil, probably will reply to the address of welcome on behalf of the foreign representatives. Mr. Neves carries a message from his country to the congress. China is represented by Moy Back Hin, and Germany by R. M. Koumann of Berlin. Don Alberto Allend represents Chile; H. Uyeno, Japan, and Eugene Skorniakoff is here to represent the imperial government of Russia.

James J. Hill, chairman of the board of directors of the Great Northern railway, has telegraphed that he will not be present. He has sent a letter, which will be read.

Nearly 1,000 delegates were registered tonight, and it is expected that nearly 5,000 will be in the city before tomorrow night.

### ACTION NECESSARY.

Paris, Aug. 8.—Great satisfaction is felt here that Germany is supporting the representations of the protective powers upon Turkey for the necessity of a peaceful solution of the Turco-Greek dispute over Crete. The status quo existing at the time of the evacuation of Crete by the international troops alone was promised to Turkey, and it is considered that energetic action is necessary to prevent Turkey from advancing fresh pretensions.

Rallying together under the fairest auspices that ever an army assembled, the vanguard of the Grand Army of the Republic, the greatest force for peace ever assembled in any country, arrived in Salt Lake yesterday to begin one of its last and best reunions. Today the main column of this army that marched first to victory, then to peace, and that is now marching toward the eternal bourne, will arrive. The throngs of veterans that filled the streets yesterday were but a suggestion of the thousands of veterans that will arrive today.

The thousands of veterans and encampment visitors who arrived yesterday were quickly cared for by alert guides and accommodating encampment officials, assisted by hundreds of citizens whose sole duty appeared to be to assist the old soldiers and their friends in becoming comfortable. With no difficulty at all, every encampment visitor now in the city has been comfortably housed and fed. Everything points to the fact that the committees can easily care for 100,000 visitors and make every one of these hundred thousand comfortable.

Hospitality is Appreciated.  
Each veteran to arrive thus far has been warm in his praise of Salt Lake City, its long, wide streets, its beautiful buildings, its magnificent scenery, its varied phases of interest and, most of all, its hospitable people. They say that they expected to be well treated, but the hospitality that they did receive was far more than they had even hoped for.

The Rio Grande brought in eight special trains between 10:35 a. m. and 1 o'clock this morning. Some of these trains did run as specials, but as additional sections of regular trains.

The first special arrived at 10:35 in the forenoon. This carried the Iowa delegation, whose headquarters are at the Wilson hotel. Two trains carrying delegations from Kansas, Oklahoma and Tennessee arrived at 2:15 and 5:30 as second sections of Nos. 1 and 5. The third and fourth sections of No. 3, carrying the Colorado and Wyoming delegations, arrived at 11 o'clock. No. 7 brought the San Juan delegation.

Two other sections of No. 3 arrived at 12:45 and 1 o'clock. These carried mixed delegations from east of Denver. The most important delegation arriving yesterday was the crowd from Colorado and Wyoming. They came in at 11 o'clock.

Parkersburg, W. Va., Aug. 8.—Former Mayor R. H. Thomas fell dead tonight while sitting on the front porch of his home. Heart disease, superinduced by extreme heat, is ascribed as the cause of his death.
